

FLAGSHIP INTERACTIVE COLLABORATION SOLUTION

Interactive Whiteboard

86" — 4K Ultra HD

Where Every Idea Comes to Life.

Zero-bonding 4K display • 20-point touch • Android 13 • Optional Windows OPS • Optional 48MP Camera

INTRODUCTION

We are an intelligent scenario solution provider, partnering with leading global manufacturers to bring proven, high-performance technology to Indonesian schools, universities, government institutions, and enterprises. We do not simply supply hardware — we deliver complete, fit-for-purpose collaboration environments backed by sourcing expertise, tender-ready documentation, and dependable after-sales support.

The Interactive Whiteboard 86" is our flagship interactive collaboration solution. Built around a zero-bonding 4K Ultra HD panel and high-precision infrared touch, it transforms any classroom or meeting room into a hub of dynamic, two-way collaboration. The writing experience is so fluid and natural it feels like putting pen to paper — letting teachers, students, and teams sketch, annotate, and brainstorm without ever thinking about the technology.

Key Value Propositions

- **Stunning 4K Clarity** — a 4K Ultra HD canvas with zero-bonding technology for low parallax, wider viewing angles, and natural pen-to-paper writing.
- **Effortless Multi-User Interaction** — 20-point Android touch and 40-point Windows touch with $\leq 5\text{ms}$ response and $\pm 1\text{mm}$ accuracy let multiple people contribute at once.
- **Hybrid Learning, Built In** — an optional 48MP high-resolution camera turns the board into a complete video-conferencing and hybrid-learning station.
- **A Full PC When You Need It** — an optional Windows OPS module turns the whiteboard into a full Windows 11 Pro PC, with no external computer required.
- **Installation Flexibility** — wall mount included as standard, with an optional floor stand for movable, room-to-room deployment without drilling.
- **Local-Ready & Tender-Friendly** — 19-language OSD including Indonesian and Korean, with sourcing, documentation, and support managed end-to-end by APEX.

TECHNICAL SPECIFICATIONS

Full Specifications

All specifications below are drawn from the manufacturer datasheet. Optional items are marked accordingly.

DISPLAY	
LCD Size	86"
Resolution	3840 (H) × 2160 (V) — 4K Ultra HD
Aspect Ratio	16 : 9
Max Visual Area	1872.6 (H) × 1053.6 (V) mm
Frequency	60 Hz
Response Time	8 ms
Display Colour	1.07B (8-bit)
Colour Gamut (Typ)	72%
Viewing Angle	178° (H/V)
Back Light Unit	DLED
Brightness (Typ)	Up to 350 cd/m ²
Backlight Life	≥50,000 hrs
Surface	4mm AG tempered glass, zero-bonding

TOUCH & WRITING	
Touch Technology	Infrared (IR) Touch
Touch Points	20-point Android touch, 40-point Windows touch
Supported OS	Windows 11/10, Android
Min. Object Size	2 mm
Input Mode	Finger, passive IR pen
Response Time	≤5 ms
Touch Accuracy	±1 mm
Writing Height	≤3 mm
Writing Mode	Stylus pen, fingers
Touch Resolution	32767 (W) × 32767 (D)

System, Connectivity & Camera

SYSTEM (ANDROID)	
Chip Solution	CVT 9679
System Version	Android 13.0
CPU	Quad-core ARM Cortex-A55
GPU	ARM Mali-G52 MP2 (2EE)
RAM + ROM	8 + 128 GB
OSD Languages	19 languages incl. Indonesian, Korean, English, Chinese

CONNECTIVITY	
Wi-Fi	802.11 ac/b/g/n/ax (Wi-Fi 6), 2.4/5 GHz, built-in
Bluetooth	5.2, 2.4 GHz, built-in
Front Interface	USB 3.0 ×2, HDMI-in ×1, Touch USB ×1, USB-C ×1 (USB-only; optional full-function with 65W PD), Power button
Onboard Interface	USB 2.0 ×1, USB 3.0 ×1, Touch USB ×1, HDMI-in ×2 (1 ARC), RS232 ×1, Line-out ×1, SPDIF ×1, 3.5mm jack ×1, RJ45-in ×1

CAMERA (OPTIONAL)	
Camera	48MP high-resolution camera — optional
Use	Video conferencing & hybrid learning

Audio, Power & Physical Dimensions

AUDIO & MICROPHONE	
Speakers	2.0 soundtrack, 2 × 15W
Microphone (Optional)	8-mic array, pickup 0–8 m, 0–180° angle

POWER & PHYSICAL	
Voltage	100–240V ~ 50/60Hz, 2.8A
Max Power Consumption	285 W
Standby Power	≤0.5 W
Bare Dimension	1951.6 × 1179.4 × 104 mm
Packing Dimension	2040 × 205 × 1255 mm
Thickness (incl. bracket)	104 mm
Net Weight	54.5 kg
Gross Weight	69 kg
Working Temp / Humidity	0°C–40°C / 10%–90% RH

OPTIONAL OPS MODULE

Turn Your Whiteboard into a Full Windows PC

INTEGRATED PC OPTION

Powerful Windows OPS Module

Turn Your Interactive Whiteboard into a Full PC

Slot the optional Windows OPS module directly into the board and the APEX Interactive Whiteboard 86" becomes a complete, self-contained Windows 11 Pro computer — just power on and work in full Windows immediately, with no external PC, no separate tower, and no clutter.

What the Module Delivers

- **Windows 11 Pro** for a familiar, enterprise-grade desktop environment.
- **Intel Core i5 / i7 CPU** — 12th-generation Intel Core i5 standard, with optional Intel Core i7 upgrade for heavier workloads.
- **8GB RAM + 256GB SSD** for smooth multitasking and fast application loading.
- **Wi-Fi 6 support** for reliable wireless connectivity at the front of the room.

OPS MODULE SPECIFICATIONS	
System	Windows 11 Pro
CPU	Intel Core i5 (12th Gen) standard — Intel Core i7 optional upgrade
Memory	8GB RAM
Storage	256GB SSD
Wireless	Wi-Fi 6
OPS Ports	USB 2.0 ×2 • USB 3.0 ×4 • HDMI out ×1 • DP out ×1 • Mic in ×1 • Earphone ×1 • RJ45 ×1 • Power-on button ×1

One Board. Every Application.

Run full Windows applications directly on the whiteboard — Microsoft Office, video-conferencing platforms, browsers, learning-management systems, and specialised educational software — all without an external PC. For procurement teams, that means fewer devices to buy, deploy, secure, and maintain, and a cleaner, simpler room for every user.

OPTIONS & ACCESSORIES

Configure for Every Scenario

ACCESSORIES & OPTIONS	
In Box	Power cord ×1, Stylus pen ×2, Wall mount ×1, User manual ×1, Remote ×1
Wall Mount	Included as standard
Standing Bracket / Floor Stand	Optional — flexible, movable installation without wall mounting
48MP Camera	Optional — video conferencing & hybrid learning
Microphone Array	Optional — 8-mic far-field pickup
Windows OPS Module	Optional — Windows 11 Pro, Intel Core i5/i7

Optional Standing Bracket

Flexible Installation Options

The wall mount is included in the box for permanent installation. For environments that need to share one board across multiple rooms — or rooms where wall modification is not possible — the **optional standing bracket (floor stand)** provides a fully movable, drill-free deployment on lockable casters.
